TROUBLE SHOOTING

- No Power

Check to see if the adaptor is installed properly or the battery power is low or dead.

- Game Will Not Score

Check to see if the game is in the setup mode or if the game is on hold. Push the START/NEXT button to see if the game will start playing. You may also check to see if any scoring segments or function buttons are stuck.

- Stuck Segment or Button

During shipping or in the course of normal play, it is possible for the scoring segments to become temporarily stuck. If such situation happens, all automated scoring will cease. By gently removing the dart or wiggling the segment with your finger, you will be able to free the segment. The game may then be resumed and scoring functions will be back to normal.

- Removing Broken Tips

Plastic tip is safer but does not last forever, it may be break and remain in the board. If this happens, try to pull it out gently with a pair of pliers. Remember, the heavier the dart is with the plastic tip, the higher the chance that the tip will bend or break.

- Power or Electromagnetic Interference

Should there be an electromagnetic interference, the electronics of the dartboard may possibly show erratic behavior or fail to continue working. (For example: a heavy thunderstorm, a power line surge, a rolling brown out, or too close proximity to an electrical motor or microwave.) To restore the game to normal operation, remove the batteries for several seconds and then reinstall the batteries. Be sure to remove the source that causes the interference as well.

ENVIRONMENT PROTECTION

After the product lifespan expired or if the possible repairing is uneconomic, dispose it according to the local laws and environmentally friendly in the nearest scrapyards.

By proper disposal you will protect the environment and natural sources. Moreover, you can help protect human health. If you are not sure in correct disposing, ask local authorities to avoid law violation or sanctions.

Don't put the batteries among house waste but hand them in to the recycling place.
